**Guest Instructions:** Note rail pass start date at top of sheet.

1. Give this page to the Japan Rail attendant at the airport at the time you redeem your rail pass voucher for your actual rail pass. They will use your rail pass to fill this ticket request.
2. Choose the early or later train to Hiroshima, crossing out with pen the train you do not wish to take. Do not ask for both routings. You can change later if you so choose.
3. Occassionally the Japan Rail office gets so busy that they may not have time to fill your entire ticket order. Should that occur try to get the first date or two. Let Bob or Mayumi know of this as soon as you see one of them so as to quickly make other arrangements.
