

Chiba Lotte Marines

QVC Stadium (formerly Chiba Marine Stadium)

Access: Use the red JR Keiyo Line that originates at Tokyo Station. Take it past Disneyland to Kaihin-Makuhari station.

The ballpark is about a 20-minute walk from the station on a sidewalk and pedestrian overpass. Or it's a five-minute cab ride from the station. Plenty of return cabs after the game from where you're let off at the stadium.

You can also take the yellow JR Sobu Line to Makuhari Hongo station. Then a ten-minute cab ride.

You may find roter buses with a modest fee at each station going to the ballpark and returning therefrom after the game.
