

## To JapanBall Hall of Fame (Café Roje)

**Walking:** Use all three pages for walking from the train. You have a map, written directions, and the restaurant business card with small map. Show that last page to anyone if you get lost in the area. They'll point you in the right direction.

**Taxi:** First hand the driver the third page with the business card map on it. Let him ponder it a moment. Then hand him the first page with the big map, which will give him a more broad view. It will be a modest cab ride from anywhere in central Tokyo.

## The Purple Path

The purple line on this map goes from JR Ochanomizu Station at the bottom of the map to the JapanBall Hall of Fame at the top. This is an eight-minute walk.

### JR Ochanomizu Station (use Hirijibashi Exit)

This is the JR Railway Station for both the Chuo Line (orange) and the Sobu Line (yellow). **BE CERTAIN TO LEAVE THE STATION THROUGH THE HIRIJIBASHI EXIT.** If you fail to leave through the correct exit this map will fail to make sense. Upon exiting the station take a left onto the sidewalk. In a few feet make another left going over the bridge that spans the railroad tracks and the Kanda River. Proceed along the sidewalk until you come to your first stoplight.

### First Stoplight

After crossing the bridge and as you approach your first stoplight stay on the sidewalk and, rather than cross the street, make a left on the sidewalk and continue walking. You are now walking along Hongo-dori, a main street. Continue on the sidewalk until you come to your second stoplight.

### Second Stoplight

Cross the street, Hongo-dori, at the next stoplight you come to. As you prepare to cross note the large building of the Tokyo Garden Palace Hotel across the street to the left. After crossing the street walk on the sidewalk on the right of the hotel down the one-way street. Pay very close attention crossing streets in Japan always being aware that cars may come from unexpected directions.

### Third Stoplight

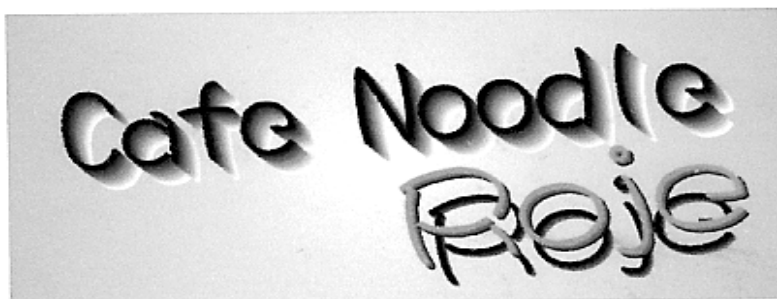

Cross the street, Kuramaebashi-dori, at the next stoplight you come to. After crossing make a slight jog to the right on the sidewalk to go around the corner of a building and continue on the sidewalk down a small street. You will quickly come to a smaller street on your left with some soft drink machines at its corner. Cross the mouth of that street and get back on the sidewalk on the other side. The HOF is down two or so doors on the left!

### JapanBall Hall of Fame

The JapanBall Hall of Fame is in a small building on the left side of the street. There is usually a table out front showing some plastic display food. There are two entrance doors, one on each side of the display table. Take your pick. The one to your left goes to the counter seating, the one on the right goes to a table seating area. Be sure to tell June and Koko that we said hello!
